19. [REDACTED] LIAISON Saw Thomas K. Latimer, Staff Director, House Permanent Select Committee on Intelligence, and asked him whether Chairman Edward P. Boland (D., Mass.) was still expecting an answer to the 24 May letter he had written to Admiral Turner on the [REDACTED]

[REDACTED] Tom said that the Chairman still wants to receive an answer.

Tom requested that I set up a meeting for himself and Loch Johnson, of the staff, with John Waller, IG. The purpose of this meeting is to lay on procedures for the Committee to deal with personal and professional complaints by present/former Agency employees who might individually contact the Committee.

I told Mr. Latimer that there were three transcripts from hearings in May that I have not received for possible correction. He assured me that he would look into it. We also discussed whether the Committee would allow the Agency to retain transcripts from executive session hearings and I gathered that the matter was still being discussed within the Committee.

20. [REDACTED] BRIEFING Accompanied [REDACTED] ORPA/NFAC, to 4304 Dirksen Senate Office Building, where she briefed Roy Werner, Senate Foreign Relations Committee staff, on Vietnam and Vietnam's foreign policy. The briefing lasted for about an hour and both Mr. Werner and [REDACTED] seemed to be satisfied with the session.

I discussed with Mr. Warner his codeword clearance and he indicated that he would also need a [REDACTED] clearance inasmuch as he is working on SALT verification and developing a matrix for Senator John Glenn (D., Ohio).

21. [REDACTED] BRIEFING Accompanied John McMahon, DDO, and [REDACTED] /DDO, to the preliminary briefing of the House Permanent Select Committee on Intelligence on the 7 June Presidential Finding. The session was a short one and will be followed up by another hearing by the Committee's Subcommittee on Oversight on Monday, 19 June (See Memorandum for the Record) which includes a resume of both sessions.
